To minimise environmental and financial impacts, the RTA does not produce many hard copies of its annual report. The report is available on the RTA website at www.rta.nsw.gov.au, under 'Publications, statistics and forms'. No CD-ROM version of this report has been produced.

The total external cost of producing this report will be about \$25,000 which includes \$13,000 for design, \$5,000 for printing and \$7,000 for document development and editing services. Final invoices have not been received at time of publication so estimates have been based on revised quotes.
